HELLO FROM IGNITE.

IGNITE STUDIO is a dynamic, multi-platform visual effects company that pushes the boundaries of creative expression and emerging technology in the realm of moving images. We adapt a holistic approach that combines cutting-edge R&D, mixed reality visuals, strong characters and unconventional storytelling, catering to a diverse range of entertainment and commercial clients

MISSION

TO CRAFT HIGH-END UNCONVENTIONAL STORIES THROUGH VISUAL EFFECTS

Ignite

OUR CLIENT & PARTNERS ROSTER

OUR OFFERING

VFX/POST-PRODUCTION SOLUTIONS

We deliver stunning visuals that elevate projects to cinematic heights. Meticulous attention to detail and cutting-edge techniques consistently exceed expectations.

- Rotoscoping
- Matte Painting
- Tracking
- Match moving
- 2D/3D Compositing
- Colour Grading

CGI AND 3D ANIMATION

CGI's ascent in advertising is attributed to its ability to bring the impossible to life, limited only by imagination. This versatility has CGI and FOOH (Fake Out Of Home) advertising increasingly popular.

- Unlimited creative freedom
- Skyrocket awareness and engagement
- Cost effective advertising solutions

GAMING DEVELOPMENT SERVICES

We deliver transformative solutions for immersive gaming experiences tailored to captivate your audiences

- 3D and Mobile games
- Unity/Unreal Game development
- 3D Game asset creation
- Motion Graphics Animation

CORPORATE IMMERSIVE EXPERIENCES

We create Impactful immersive experiences to enhance corporate branding and engagement

- Augmented Reality and Virtual Reality solution
- Architecture and Real Estate
- Healthcare
- Automobile
- Immersive Showrooms
